Plastic Planter Stand

This plastic planter stand allows you to grow delicious vegetables and beautiful flowers in any area. You no longer need a large yard or field to grow vegetables, flowers or vines.

This product can be used even in the smallest spaces. It is very easy to assemble and it has a self-watering system. In other words, there is no easier way to grow it today. After assembling the product, put in the soil, plants and fertilizer, and then add the water.
